Paul Averley
Paul is Managing Partner at Queensway Dental Clinic in Billingham. He has been involved for over 15 years in establishing conscious sedation services in primary care to reduce dependency general anaesthesia. He has a sedation-based Master and a Doctorate of Philosophy from the University of Newcastle-upon-Tyne. He is a visiting academic for the University involved in training of postgraduates in the Conscious Sedation Diploma. Paul has also been involved with the development of a number of national guidance and standards documents.

Paul Howlett
Paul is a GDP in a multi-disciplinary dental practice in Teesside. His specific areas of interest are conscious sedation and dental education. Paul works as part of a dedicated team providing advanced conscious sedation techniques for anxious paediatric patients. Paul is a Dental Foundation Trainer and works with new graduates and DCps developing their knowledge and skills in conscious sedation. Paul is a Quality Assurance of Education Inspector for the GDC, and a SAAD Trustee.

David Craig
Consultant / Head of Sedation & Special Care Dentistry, Guy's & St Thomas’ NHS Foundation Trust. Chairman, Dental Sedation Teachers Group. Chairman, Independent Expert Group on Training and Standards for Sedation in Dentistry. Member, Intercollegiate Advisory Committee for Sedation in Dentistry. Past Chairman & Emeritus Examiner, National Examining Board for Dental Nurses.

Chris Holden
Chris practises as a general dental practitioner in Derbyshire. He has been an author of most national guidance documents on dental sedation in the last 15 years. Chris regularly provides expert evidence in the UK, Europe and worldwide and is immediate past president of The International Federation of Dental Anaesthesiology Societies

Nigel Robb
Nigel is a Reader/Hon. Consultant in Restorative Dentistry and runs sedation teaching at Bristol University. He has a vast experience in the subject of Conscious Sedation having co-authored one of the standard text books on the subject. He is an authority and renowned international speaker on Conscious Sedation.

Bryan Kerr
Bryan is currently a consultant in the Department of Sedation and Special Care Dentistry at Guy's Hospital, London. He graduated from the University of Glasgow in 2003 and then worked in general practice for 5 years setting up a sedation service in North London. After starting as a part-time clinical teacher in sedation for King's College London he took the opportunity to complete specialist training in special care dentistry including an MSc in sedation.

Sanjay Chopra
Sanjay, a Specialist Oral Surgeon, has been extensively involved with treating anxious dental patients since the early 1990s. In 1995 he was a co-founder of the Highland View Dental Surgery in Essex, two specialist referral practices accepting referrals for Conscious Sedation, Oral Surgery and Dental Implants. He is a member of the Independent Expert Group for Training and Standards for Sedation in Dentistry and has helped develop various new documents including recommendations in CPD for Sedation Practitioners.

Sarah Kime
Qualifying in 2000, Sarah went on to gain her MFDS qualification and develop an interest in sedation and special care dentistry, completing her Diploma in Conscious Sedation in 2005. Sarah set up the intravenous sedation service within the Gateshead salaried dental service and has also been involved in teaching students at Newcastle Dental Hospital. Gaining her Membership in Special Care Dentistry in May 2010, Sarah now works in the salaried dental services and in general practice and is on the specialist list for special care dentistry.

Marguerite Reith
Marguerite qualified in Australia in 1986, and joined the Royal Australian Air Force before transferring to the Royal Air Force. She has served in various posts around the world and has deployed to Afghanistan. Having become interested in sedation Marguerite undertook the Diploma in Conscious Sedation for Dentistry and is currently Principal Dental Officer, East Midlands and Anglia Region and treats military sedation patients on referral. Marguerite is also involved in Foundation Training for military dental officers, in-house conscious sedation training for dental nurses and is an NEBDN examiner.

Damien Reilly
Damien is a Specialist in Special Care Dentistry with extensive teaching experience and works mainly in the Community Dental Service. He also teaches in the Department of Sedation and Special Care Dentistry at Guy's Hospital and provides a peripatetic sedation service. Damien has a particular interest in sedation for obese patients.

David Dawson
David is a consultant anaesthetist at Bradford Teaching Hospitals NHS Foundation Trust. He has a specialist interest in Sleep Disordered Breathing and has been running clinics for Obstructive Sleep Apnoea (OSA) patients since 1998, seeing patients through both the NHS and independent sector. In addition to clinics, David works as a medical advisor to Philips Respiromics. His own company (OSA Risk Management Ltd) was set up in January 2006 and offers advice on diagnosing and treating OSA, working with individuals and also with companies looking to develop screening programmes.
